

STRUCTURAL LUBRICATION FORMULA

Now super-upgraded to Double-Strength Potency for increased benefit. Structural Lubrication is a highly advanced, all-natural formulation specifically designed to assist in the production of vital "Synovial Fluid" which the body uses for all bone, joint and overall skeletal lubrication of the body. It is designed to be taken in conjunction with its "sister" formulation, New Double-Strength **Skeletal Support**.

Ingredients: Glucosamine HCl; Methylsulfonylmethane (MSM); Citrus Bioflavonoid Complex; Horsetail Grass; Alfalfa; Ipriflavone; Quercetin; Bromelain; Boswellia Serrata; Curcumin Extract; Grape Seed Extract; Omega-3 Flax Seed Oil; Ocean Peptide/Amino Acids; Ocean Mineral and Trace Mineral Complex.

Glucosamine HCl: All-natural compound that dramatically increases the regeneration of cartilage and support tissues around all joints and ligaments.

Methylsulfonylmethane (MSM): The new, Arthritis Miracle Nutrient to assist in pain reduction, anti-inflammatory action and synovial fluid generation.

Citrus Bioflavonoid Complex: A highly concentrated source of essential Vitamin C. This powerful antioxidant vitamin scavenges dangerous free-radicals from the body, thus increasing the production and the action of lubricating Synovial Fluid.

Horsetail Grass: Mother Nature's richest source of Silica, the building block of all life and necessary for strong bones, joints, ligaments and cartilage formation.

Alfalfa: Translated literally, Alfalfa means "Al-Fal-Fa," The Father of all Foods. Since ancient times, Alfalfa has been used for its massively rich minerals, in particular, Magnesium, which is required for the conversion of Calcium into bone, joint, ligament and cartilage.

Ipriflavone: Maximizes bone mineral density and inhibits bone loss. Activates significantly greater bone density than taking Calcium alone.

Quercetin: The amazing enzyme, anti-inflammatory to relieve joint pain.

Bromelain: The concentrated enzyme essence of the Pineapple plant that relieves pain and acts as an anti-inflammatory.

Boswellia Serrata: Ancient Ayurvedic Medicine compound renowned for its pain-relieving capacities.

Curcumin Extract: Another ancient Ayurvedic compound to relieve pain and also increase circulation to assist in Synovial Fluid production.

Grape Seed Extract: Richest source of amazing "Proanthocyanidins" which scavenge free-radicals from the body and thus assist in the production of Synovial Fluid.

Omega-3 Flax Seed Oil: Generates Synovial Fluid production and also helps to lubricate the joints for ease of movement.

Ocean Source Peptides and Amino Acids: The basic, building blocks of all life. Needed for generation of new cartilage, bone formation and cartilage growth.

Ocean Mineral and Trace Mineral Complex: All 84 Minerals and Trace Minerals needed for life generation. Particularly high in essential Magnesium which is the triggering mineral to convert inert Calcium into usable nutrient by the body.
